Mr. James Boorsch
WYBC
242-A, Yale Station
New Haven, Connecticut

Dear Jim:

WCSR is very anxious for your station to come up to Smith and take over our broadcasting. The best date for us would be Friday night, May fourteenth, if that is convenient for you. You could broadcast from seven until midnight.

In the past there was a slight bit of trouble when WYBC came up to Northampton and therefore we have a few favors to ask of you. We would appreciate a member of your senior board being in charge of the evening and responsible for all broadcasting. We welcome any heelers that would like to come up to Smith for the evening, but would rather have only full members do all the broadcasting. Smith rules also forbid any drinking at the radio station or on the campus.

WCSR had a marvelous time in New Haven when they took over your broadcasting and we hope that you have as good a time here. We know that we will learn a great deal from abserving you putting on your shows.

Hoping to hear from you very soon concerning your visit on May fourteenth.

Sincerely,

Saby Davis
General Manager, WCSR
